3. **Map of Ghana – Puzzle Learning Material.**
4. **Staff Spotlight: Isaac Sekyere, Production Staff.**
5. **Christmas Message**

AMO Programme Joins GNECC to Strengthen Education Policy Advocacy.

AMO Programme is pleased to share that we are now an official member of the Ghana National Education Campaign Coalition (GNECC), a leading civil society coalition advocating for equitable, inclusive, and quality education for all in Ghana.

Through this membership, AMO joins a network of education-focused organizations working collaboratively to influence education policy, promote accountability, and ensure that the voices of children, educators, and communities are represented in national education discourse. Becoming part of GNECC aligns strongly with AMO's mission of improving learning outcomes through access to quality, child-friendly, and hands-on learning materials.

As a member of GNECC, AMO will actively participate in education advocacy activities, policy discussions, stakeholder engagements, and campaigns aimed at strengthening Ghana's education system.

This platform also creates opportunities for collaboration with other civil society organizations, development partners, and education stakeholders working towards shared goals.

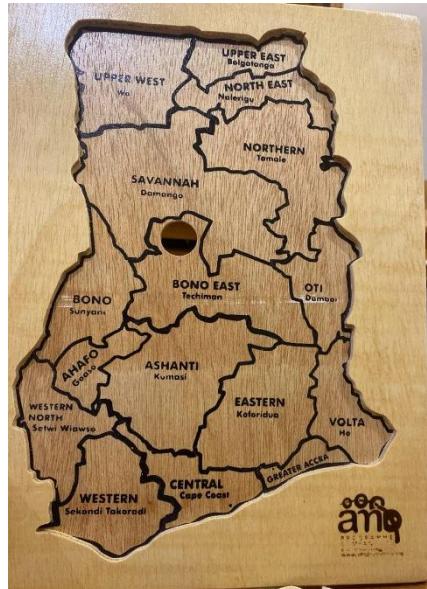

AMO Programme Participates in Gender-Responsive Budgeting Workshop by ACEPA.

The AMO Programme recently participated in a Gender Responsive Budgeting workshop organized by the African Centre for Parliamentary Affairs (ACEPA).

The workshop brought together Civil Society Organizations (CSOs) and advocacy groups to analyze the Government of Ghana's 2026 Budget through a gender lens. Participants examined how national budget allocations impact women, men, girls, and boys, with the goal of promoting fairness, inclusion, and equitable access to resources.

During the sessions, participants were taken through the budget formulation process, key principles of gender responsiveness, and the importance of integrating gender considerations into national planning. Group discussions focused on critical sectors, including education, and the Affirmative Action Law, highlighting gaps and opportunities for more inclusive budgeting.

AMO Programme's participation reflects its continued commitment to advocacy for inclusive education and social development. The engagement also provided an opportunity to network with key stakeholders and share information about AMO's work, including the distribution of brochures to fellow participants.

Map of Ghana – Puzzle Learning Material

The Map of Ghana Puzzle is an interactive learning tool designed with all 16 regions of Ghana carefully cut out as individual puzzle pieces. Each region is marked with a distinct colour, and when a piece is removed, it reveals the capital town of that region.

This learning material helps learners understand the shape and landmass of Ghana, as well as the location of each region in relation to the cardinal points. Through hands-on engagement, learners develop problem-solving skills, hand-eye coordination, focus, and language skills as they identify, match, and assemble the puzzle pieces to recreate the map.

The map is suitable for Basic 4 to Basic 7 learners. It supports students in identifying the names of regions, their capitals, and key regional features, while encouraging critical thinking and spatial awareness. By selecting and fitting the correct puzzle pieces, learners strengthen their ability to concentrate, analyze patterns, and solve problems in an enjoyable and practical way.

Staff Spotlight: Isaac Sekyere, Production Staff

This month we shine our spotlight on Isaac Sekyere. Dede is a Senior Production Staff member at the AMO Programme and has been an integral part of the organization for 13 years. He joined AMO in 2012, where his passion for creating quality learning materials was nurtured and strengthened over time.

Isaac began his journey with AMO as part of the production team in Abetifi before later moving to the Abepotia workshop, where he continues to contribute significantly to the production process. He has a strong interest in woodworking and particularly enjoys working with the table saw machine and the sander, ensuring precision, durability, and quality finishing in every learning material produced.

He firmly believes that the learning materials created at AMO are powerful tools that enhance effective teaching and learning, not only within classrooms but in all learning spaces. Isaac's commitment to quality, consistency, and craftsmanship reflects AMO's mission to support hands-on, active learning for children across Ghana.

FROM OUR HEARTS TO YOURS! MERRY CHRISTMAS

As the year draws to a close, the AMO Programme extends our sincere appreciation to our valued customers, partners, and stakeholders for your continued trust, collaboration, and support throughout the year.

Your belief in our work and your commitment to quality education have played a vital role in advancing our mission of promoting hands-on, child-centered learning across Ghana. Every purchase, partnership, conversation, and shared vision has contributed meaningfully to the impact we continue to make together.

As we celebrate the Christmas season, we wish you peace, joy, and warmth with your families and loved ones. May the coming year bring renewed hope, growth, and shared success as we continue working together to shape brighter learning experiences for children everywhere.

Thank you for being part of our journey. We look forward to continued collaboration in the year ahead.

Merry Christmas and a prosperous New Year.

The enthusiastic smile of children carry us to the next year's input for quality education
